Library Short Workshops

ORCID

Make your research easily identifiable and discoverable

Dr. Fintan Bracken

For links to resources used in this workshop go to: http://www.symbaloo.com/mix/ullibraryresearch
Presentation Outline

• What is ORCID?
• Benefits to researchers
• How to register for an ORCID identifier
• How to add your research outputs to your ORCID record
  ▪ Exercise: Create your own ORCID
ORCID = Open Researcher and Contributor ID

“ORCID is like a DOI for researchers”

http://orcid.org/0000-0002-1228-5109
The Problem

- The research community has lacked the ability to link researchers with their professional activities.
- As a researcher, you want to
  - **eliminate name ambiguity**, distinguishing you from other researchers and ensuring proper attribution.
  - **ensure your work is discoverable** and **connected to you** throughout your career;
  - **minimize the time** you spend entering repetitive data online
How can ORCID help?

ORCID provides you a unique and persistent personal identifier that connects you and your research activities throughout your career.

For more information see Ten things you need to know about ORCID right now!

More than 1.6 million IDs issued to date

Registry use is international

Open, non-profit, community-driven organisation

Website and registry localisation for multiple languages in process
Eliminate Name Ambiguity

More problems with names

The top **129 surnames** are shared by **87%** of the Han-population in **China**.

http://factsanddetails.com/china/cat4/sub16/item122.html

**Spanish names:**
Alejandro Rodríguez de la Peña y de Ybarra
What is first name and what are the surnames?

**Half of the population** on the **Korean peninsula** share the **three most common surnames** (Kim, Lee, Park)

P. Ghosh: International Business Times online, 15\textsuperscript{th} Nov. 2013

**And in Ireland:**
How many people with the name **Murphy, Kelly** or **O’Sullivan** do you know?

And on and on it goes ...
ORCID is a hub connecting the research landscape

**Funders**
- Funders are embedding ORCID identifiers in their grant submission systems and awardee databases

**Universities**
- Opportunities for integration with:
  - Researcher profile systems
  - Institutional repositories
  - Grants & contracts
  - HR systems
  - Safety/research conduct training & compliance

**Professional societies**
- Associations are integrating into membership renewal, publishing and meeting registration processes

**Publishing & repositories**
- Publishers are integrating into manuscript submission and author/reviewer databases
- Repositories linking with deposition, search and updating
- Both are linking internal ID with ORCID record
More than 100 organizations to date are working with ORCID to integrate into their systems

**Publishers**

**Associations**

**Funders**

*2 School of Aeronautics, Universidad Politécnica de Madrid, Plaza Cardenal Cisneros 3, E-28040 Madrid, Spain

Abstract

The linear instability and breakdown to turbulence induced by an isolated roughness element in a boundary layer at Mach 2.5 over an isothermal flat plate with laminar adiabatic wall temperature have been analysed by means of direct numerical simulations, aided by spatial Biglobal and three-dimensional parabolized (PSE-3D) stability analyses. It is important to understand transition in this flow regime since the process can be slower than in incompressible flow and is crucial to prediction of local heat loads on next-generation flight vehicles. The results show that the roughness element initiates transition...
Distinguish Yourself

DISTINGUISH YOURSELF IN THREE EASY STEPS

ORCID provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized. Find out more.

1. **REGISTER**  Get your unique ORCID identifier Register now! Registration takes 30 seconds.

2. **ADD YOUR INFO**  Enhance your ORCID record with your professional information and link to your other identifiers (such as Scopus or ResearcherID or LinkedIn).

3. **USE YOUR ORCID ID**  Include your ORCID identifier on your Webpage, when you submit publications, apply for grants, and in any research workflow to ensure you get credit for your work.
1. Register for an iD

- Registration is easy. Signing up for an ORCID iD only takes seconds. Then, enhance your ORCID record with your professional activities and begin to use your ORCID iD as you submit publications, apply for grants, and in any research workflow to ensure you get credit for your work.

Register for an ORCID iD
You control the privacy

- You determine what, how, and with whom the information in your ORCID record is shared.

Default privacy for new Works

Who can see this?

- everyone
- trusted parties
- only me

Biography

My current role as Research Services & Bibliometrics Librarian involves developing and providing high quality, innovative services to support the University of Limerick’s research community. I previously worked in the Marine Institute’s research library and with IRIS Electronic Information Services Ltd. / IReL. I have conducted research on bird biodiversity in various farmland, woodland and peatland habitats during my PhD and post-doctoral studies in University College Dublin.

2. Connect your ORCID iD: Link works

- Scopus to ORCID
- CrossRef Metadata Search
- Europe PubMed Central
- DataCite search and link
- ISNI2ORCID search and link
- MLA International Bibliography
2. Connect your ORCID iD: Link to other identifiers

Associate your ORCID iD with ResearcherID

Exchange profile and/or publication data between ORCID and ResearcherID
2. Connect your ORCID iD: Link to other identifiers

Exchange profile and publication data between ORCID and Scopus
2. Connect your ORCID iD: Import from Google Scholar or manually add works

Exercise

- Create your own ORCID iD
Summary

• ORCID helps you to:
  ▪ Ensure your work is **discoverable** & connected to you throughout your career
  ▪ Eliminate name ambiguity, distinguishing you from other researchers & ensuring your work **is easily identifiable** as yours (i.e. proper attribution)
  ▪ Save time by **associating your existing IDs** with ORCID & exchanging profile and/or publication data between them
Research Services: Introduction

The Glucksman Library’s guide to assist researchers with all aspects of the research process from finding information to maximising impact.

6 Ways to Increase the Impact of your Research

Getting Published and Maximising Your Research Impact

This recorded lecture examines how to maximise the impact of your published research and summarises much of the content of this LibGuide.

Getting Published & Maximising Your Research Impact

Dr. Fintan Brocken

For links to resources used in this workshop go to: http://www.symbaloes.com/mx/ulilibraryresearch

Research Services & Bibliometrics Librarian

- Provide training and support on bibliometrics including journal impact measures, h-index and metrics
- Provide support on measuring your research impact and tracking your citations
- Advise on how to increase the visibility of your research and maximise the impact of your research
- Advise on open access publishing including funding agency policies
- Advise on author/publisher copyright permissions regarding open access publishing
- Provide training and support on the use of the University of Limerick Institutional Repository (ULIR)
- Provide EndNote training and support

Research Support at UL

The Glucksman Library in the University of Limerick supports researchers in many different ways, including via the provision of quality research materials including books, e-journals and databases. In addition, there are a number of librarians that can help support your research including the Research Services & Bibliometrics Librarian and the Faculty Librarians.

Acknowledgement

I would like to thank Michael Ladisch (University College Dublin) for his permission to use some contents of his guide.
